Winners of the Spaces category of the Interieur Awards propose innovative bar concepts that will be realised at the Biennale Interieur 2014, which will take place from 17 to 26 October in Kortrijk, Belgium. Gone Fishing by the Swedish team Charlotte Ryberg, Fritz Håkon Halvorsen and Marcia Harvey Isaksson appealed with a subtle graphic language and a sustainable fish and seafood concept. The baroque looking Dried Chat Room, by Alberto Artesani, Frederik De Wachter, Francesca Perani and Sandra Marchesi from Italy, caught the eye from the jury because of a strong food and design concept uniting multiple cultures and traditions.
